

# *Halloween Traditions in Boston*

Author Anthony Sammarco will discuss his book, *Halloween Traditions in Boston*. He will tell the history of the Salem Witchcraft Trials, which caused such tremendous anxiety and fear and the deaths of many innocent people in Massachusetts Bay Colony in 1692. He will also describe how Beacon Hill serves as a veritable neighborhood of whimsy, from macabre skulls, bones and cobwebs, to pumpkins and lighted Jack-o'-lanterns.
